

Agenda

24th February 2022

- Competition winners
- How can we get more children involved?
- Action plan
- Upcoming dates and events

Competition

The children looked at all the entries from the Eco-competition. The children selected their favourite books and then created a miniature garden to match. We are really pleased with all the efforts of the children and their supporting families. It was so hard to decide on a winner!

The winners will be announced in next weeks assembly.

How can we get more children involved in our competitions?

- We need to create posters to advertise around school
- Split the competition for the different Key Stages so they have a different focus/outcome/prize (EYFS; KS1 and KS2)
- The Eco - council members should remind the children in their class about the competitions.
- Teachers are to encourage and remind the children in their class about the upcoming competitions
- School app
- Website

Action plan - What's next?

We will be focusing on the 'Big Clean up' taking place between 25th March and the 10th April.

As an Eco-Council we will arrange a big clean up within the community.

We will need children to create recycled posters to recognise the importance of recycling and not dropping litter.

Children who take place in their own litter picking will be rewarded with a sticker, certificate or in star assembly.

Miss Ironside will introduce 'walk to school' programme with a launch before Easter.

Up coming dates and events

- Fair trade fortnight - 22nd February - 2nd March 2022
- Earth Day - 22nd April 2022

Next meeting

- Our next meeting will take place on Thursday 31st March until 4pm
