

ECO-News – February

House plant week - update

All of our classes now have their very own class plant to look after. The children are responsible for watering the plants and making sure they have enough sunlight. Some of the classes have chosen to name their class plants!

Fairtrade Fortnight

27th February – 12th March 2023

We will start our Fairtrade fortnight with an assembly with Crystal from the Co-op. One of our KS2 classes will be taking part in a workshop too.

We aim to spread a simple message: making the small switch to Fairtrade supports producers in protecting the future of some of our most-loved food and the planet.

DID YOU KNOW?

Coffee, bananas and chocolate could soon be much more difficult to buy. Climate change is making crops like these harder and harder to grow. Combined with deeply unfair trade, communities growing these crops are being pushed to the brink.

But here's the good news.

More people choosing Fairtrade means extra income, power and support for those communities.

By making the small switch to Fairtrade, we can all support producers in protecting the future of some of our most-loved food and the planet.

Fairtrade Conference

On Friday 27th January, Mrs Christy, Miss Robinson and three of our Eco team went to Preston County Hall for a Fairtrade Conference.

We took part in three different workshops to help us to understand why we should try to buy more Fairtrade Products and how we have a role to play in helping protect our world from climate change.

We got a goody bag at the end of the conference and we shared this with the rest of the Eco-group where we all tried Fairtrade chocolate – yummy.

Going forward we agreed that as a group we are going to spread the word about Fairtrade products, try some recycling crafts in our next Eco-group meeting and hold a Fairtrade raffle.

Our next Eco-council meeting will take place on Tuesday 28th February 2023 until 4.10pm
